Secretary of State

# *A Message from Jesse White:*

---

Dear Friends:

Serving the public and the interests of Illinois families has always been my top priority, whether it was as a state representative, the Cook County recorder of deeds or the founder of the Jesse White Tumbling Team. As your new Illinois Secretary of State, I am just as committed to providing friendly and efficient service to the citizens of this state.

Whether it means cutting bureacratic red tape, making sure our employees are qualified and courteous or in some other way going that extra mile to get the job done, keep one thing in mind: we're here to serve you.

In that same spirit, the Illinois Secretary of State's office will continue to offer antique license plates designed for antique car owners, a special group of individuals whose interest in America's history is shown through the cars they have preserved. Vanity and personalized plates are also available to antique vehicle owners for the appropriate fee. Applying for the antique vehicle plates is as easy as submitting the appropriate license plate application and fee along with a statement verifying the use and condition of your vehicle.

Sincerely,

A handwritten signature of Jesse White in cursive script. The signature is written in dark ink and is positioned above the printed name.

Jesse White  
Secretary of State

**Q. How old must a vehicle be in order to be eligible for antique vehicle license plates?**

A. Motor vehicles (including motorcycles) or bona fide replicas must be more than 25 years old. Firefighting vehicles must be at least 20 years old.

**Q. What is the difference between a bona fide replica and a facsimile?**

A. A bona fide replica is an **exact** copy of the original in design, frame and mechanical operation. A facsimile is a close but not exact reproduction of the original; some contemporary parts are used. Because facsimiles are not **exact** reproductions, they **do not** qualify for antique vehicle plates.

**Q. What restrictions are placed on vehicles displaying the plates?**

A. 1) These vehicles may be driven on the highways **only** to and from an antique auto show or exhibition, service station or demonstration.

2) The mechanical and physical condition (*including brakes, lights, glass and appearance*) of these vehicles must be the same or as safe as originally equipped.

**Q. What is the registration period for these plates?**

A. The plates are issued for a five-year registration period expiring Dec. 31, 1999.

**Q. What documents are needed when applying for the plates?**

A. 1) Affirmation of use and condition of antique motor vehicle.

2) Application for title and/or registration with fee and current ID Card or assigned title.

If the vehicle is already titled in your name, send a copy of the title, not the original.

**Q. How many plates am I eligible to receive?**

A. One set is allowed for each qualified vehicle.

**Q. May I obtain the plates during the five-year registration period if I have a vehicle currently registered with other license plates?**

A. Yes. Use the date that your application was submitted to our office to determine the proper fee.

A. Yes. Use the date that your application for title and registration was submitted to our office to determine the proper fee.
